Environment, Health & Safety Policy

We, at Waaree Energies Limited emphasize highest priority to Health, Safety & Environment issues (EHS) and Concern for the same is an integral part of our business policy. We:

- **Commit** ourselves to comply with all applicable laws and our own company's safety rules & procedures with Responsibility and accountability.
- **Care and protect** our people, the business and the communities in which we operate & the environment.
- **Ensure** effective and optimum usage of natural resources, energy and prevent pollution and protect the environment by minimizing the environmental impact through appropriate manufacturing, distribution, use and disposal practices.
- **Ensure** that the responsibilities for effectively implementing EHS are well defined and necessary organizational arrangements are made, and that all efforts are made to prevent injury at work and occupational illness to prevent loss to assets and personnel associated with processes.
- **Take** all feasible steps to ensure safe and environment friendly operations.
- **Ensure** monitoring, reviewing and evaluation of EHS performance by setting objectives, targets & programs for its operations to ensure continual improvement & also ensure that all stakeholders are informed of and understand the obligation of policy.
- **Implement and Propagate** the EHS policy through proper communication, active involvement and participation of employees and persons working for and on behalf of the organization.

The policy shall be available to relevant interested Parties.
